

# **REPORT FOR AGRICULTURE IN NALUGGI HAND IN HAND UGANDA**

**JULIUS KYEYUNE  
KFT  
MAY 2010**

I greet you in the name of Jesus Christ

## **ACHIVEMENTS**

We have excelled in a number of activities i.e.

1. Renovation of contours ,L/ drainage ,cut off drains
2. sowing vegetable seeds in the nursery beds
3. transplanting vegetable seedlings
4. making of natural pesticides and Applying them on veg. and banana plantation
5. cultivation of demonstration where to plant maize ,beans and ground nuts
6. planting of beans
7. planting of new local bananas e.g. matooke in the different farmers
8. same theories in post harvesting
9. monitoring ,support and evaluation

## **SHOT COMINGS DURING IMPLIMENTATION**

- I. Inadequate demonstration materials i.e. seeds, tools manure
- II. some farmers still have little in implementing group activities
- III. Limited record materials

## **MY SUGESTION SOLUTIONS**

- 1) Buying demonstration materials and farmers materials
- 2) Buying stationary in time.

## **MONITORITING AND EVALUATION**

My objective was to improve on standards of living and crops

We did it with Rev. Fr. Remmy, Rev. Fr.C harlse, group members and Key farmer Trainers (KFT).

## **INDICATORS**

These are signs we met in the village i.e.

- stabilized contours
- Presence nursery beds, vegetable gardens

- Presence of new banana plantations
- Jerry canes filled by natural pesticides
- Beans in the field , records of the group and kft

**REMARK**

The monthly action plan was incomplete those will be postponed in June and August  
Finally, I would like to thank the board members, coordinating teams here and in  
Germany, group members and KFTs at large

**MAY GOD BLESS YOU ALL**

  
.....  
**Kyeyune Julius KFT.**
