

REPORT FOR AGRICULTURE (HAND IN HAND UGANDA)

JULIUS KYEYUNE

KEY FARMER TRAINER

FEBRUARY 2010

I greet you in the holly mighty God.

OUR ACHIEVEMENTS

We have managed to have OR do a number of activities:

❖ **MEETING**; in this activities all accepted to the following

To clear the land where demonstration will be done

2. They will contribute extra power where will be needed on our plot.
3. More to that they shall have seminars in different home stead where home stead whom can contribute the learning materials in leaning process for example cow goat chicken dung our monthly action plan February 2010

ACTIVITIES	WHO	WHEN	❖..	❖..	REMARKS
		1week	2week	3week	4
Soil conservation and soil fertility	Julius	✓	✓	/	✓They can built contours
Preparation of demonstration garden	Julius	✓	✓	✓	✓IT STILL NEEDS MORE EFFORT AND PUTUNG DIFFERENT TYPE ACTIVITIES
Purchasing of seeds	Fr. Mubiru and Julius	✓	/	/	/WEBOUGHT SAME TYPE OF VEGETABLES
Trainings (vegetables)	Julius	/	✓	✓	✓. SUCCEFULLY TOUHT
Banana management(trainings)	Julius	/	/	✓	✓. SELECTION ,SPACING,PRUNNING MULCHING AND PEST CONTROL AND DISEASESS
Monitoring and evaluation	Julius, Fr. Remmy Joseph Lubwama , Fr. Charles Mubiru and members	✓	✓	✓	✓SUCCEFFULY DONE

❖ **SOIL CONSERVATION**

- A. green manure and Compost making
- B. Ciralary (urine mix with animal waste)

C.

How to make it

- D. To mix with water
- E. Time of expiry
- G. To apply on different type crops

❖ **DEMONSTRATION GARDEN**

How nursery beds are construction

Planting of vegetable seeds

❖ **PURCHASING OF SEEDS**

We had bought vegetable seeds i.e. Onion egg, plants carrot, Cabbage, Green paper Spinach and Cauliflower

❖ **VEGETABLE TRAINING**

I taught the following

Sowing seeds in the nursery beds

- B. Transplanting
- C. spacing,
- D. controlling pests and diseases in vegetables and
- E. Pri and post harvesting

❖ **BANANA MANAGEMENT**

We had following activities;

Choosing sites of banana on each farmer who had involved in our seminars,

The spaces of halls,

Application of compost

, weed control

Pest and diseases control.

Selection good banana plantations which are marketable and we shall continue teaching the bananas while their planted banana are growing each step I shall teaching them on well lied planted bananas

❖ **SHOTCOMINGS DURING IMPLEMETATION**

1. Dilly of same tool and seeds
2. Time management

❖ **SUGGESTED SOLUTION**

To have timely communication with my bosses and to get us materials in time

❖ **MONITORING AND EVALUATION**

I had an OBJECTIVE; To have high yield, qualitative products and optimum production

- Actives which went well
- Demonstration plot were cleared
- Preparation of nursery beds
- same farmers had already choose banana sites

- control pests
- meetings
- methods of improving soil fertility
- soil conservation

- Indicator

These are following signs on the ground

- presence of vegetables
- cleared demonstration garden
- constructed nursery beds
- records
- explanation of farmer

- Target

I aimed 107 households but now almost the participates participated

- Remarks

Finally I would like to thank every body who have put in his/ her power ,ideas, recommendations and to have things materials in time or informing us in time if there a problem so that to have another alternative and to improve on our communication

Recommendations guidance, changes and support are highly granted.

MAY GOD BLESS EVERY BODY ON THE OUR BOARD HAND IN HAND AND ATHARS IN GERMANY

Yours faithfully

.....

JULIUS KYEYUNE (KFT)

TO DR, JUERGEN DENGEL

I VERY MUCH THANK YOU FOR WHAT YOU ASKED ME IN YOUR KIND LETTER I RECEIVED,AM VERY INTRESTED TO , HAVE THAT INFORMATION MATERIALS ABOUT PEST, DISEASES AND WEED AND THEIR CONTROL.

THINGS URGENTLY NEEDED TO UP GRADE FOOD PRODUCTION.

- ✓• I NEED UP GRADED SEEDS
- ✓• WHEEL BARROWS
- ✓• MANURE HOES
- ✓• STATIONERY TO RECORD THE ACTIVICTIES OF THE PROJECT.

WHEN THE PERIOD OF HUNGER OCCURS?

THE PERIOD OF HUNGER OCCURS WHEN PLANTING, DURING WET SEASON MOST ESPECIALLY IN THE FOLLOWING MONTHS.

- a) MARCH TO APRIL
- b) AUGUST TO SEPTEMBER

Yours truly,

.....

KYEYUNE JULIUS
